DINNERS, NOT DIETS

Sighing for the yesteryears when dining was a leisurely ritual and not a hasty routine of calory-counting and vitamin-stuffing, Arthur F. Kraetzer, M. D., protests the modern propensity to think of food in terms of diets instead of dinners, in an article entitled "Don't Eat What's Good for You."

"We Americans have become health-conscious and in a subtle way it is a psychological bad point of view. In the first place we are losing interest in the taste of food and in good cooking. All we think of is whether our food contains the right number of calories; whether it is sufficiently endowed with vitamins A, B, C, D and sometimes W and Y. Whether it has enough minerals and roughage; whether, in other words, it is good for us.

"What chance have the Arts in the soul of the gloomy unhappy devil, who orders his dinner as if he were a doctor writing a prescription. None whatever. And be quite sure that if he denies good food, the moroseness of his ungenial soul will make him radiate

Knight, Townsend and Cockburn on Sanitary Board

Yesterday was everybody's day at the Carmel Garage, polling place for the Sanitary district election. Head man was Allen Knight with 149 votes. Frank Townsend and Randal Cockburn tied with 111 votes. These three are thus elected for a term of two years. Charles Watson with 58 votes and Marlon Overhulse, with 59, were the only write-ins who came anywhere near the victors. Forty-one names in all were written in, most of them receiving only one vote. This type of election gives the town folk a grand chance to kid each other. The entire vote totaled 585.

Of course, the Sun reporter is new in town and doesn't know a thing about it all, but several prominent citizens say this election was a terrible upset. Usually, say the informants, a write-in election shows a gratifying vote for Carmel's leading Orientals—Pon Chong and China Morse.

JUDGE MARY BARTELME ADDRESSES P-T-A.

Judge Mary Bartelme of the juvenile court of Cook county, Ill., gave a vital and inspiring talk to the members of the Sunset P-T-A at their regular monthly meeting yesterday afternoon. Cook county cludes Chicago as well as several other cities of 25,000 or more, so the position is one of tremendous responsibility. As many as 25,000 boys and girls have appeared in court during one year. Judge Bartelme's story of some of her cases and the way in which the problems were met, held her audience entranced. It is not hard to understand why she held the position she did. Her wisdom, sympathy and understanding were apparent to all her listeners.

FRESNO PLAYERS HERE THIS WEEK

Edward Kuster will present the Fresno Players in "Another Language," by Rose Franken, at the Playhouse Saturday and Sunday nights, March 16 and 17.

The guest performance of the

Fresno group will be returned the last of April, when Mr. Kuster will take the Golden Bough Players to Fresno to present the delightful Viennese comedy, "By Candlelight."

Theatre-goers will find a refurbished and rejuvenated Playhouse. Much kalsomine and paint has been flying about for the past two weeks and the theatre is now appropriately be-decked for its spring opening. A new lighting system has been arranged, too, so that it will be possible to read programs if so desired.

Prices are extremely low for "Another Language" so that seats may be available to all.

STYLE SHOP SHOWING

SMART GINGHAMS

With these warm days, a lady's fancy turns unerringly to wash frocks. This particular season, the same lady is gratified and delighted to find that gingham, seersuckers and broadcloths are smarter than ever before.

The Carmel Style Shop, across from Pine Inn, has some of the gayest, smartest patterns imaginable, ranging in price from \$2.95 to \$4.95. Even the lowest-priced frocks of this line are smart enough for street wear. And the nice thing about the new seersuckers is that they won't uncrinkle when they are ironed. Jean and Mary Connelly will be glad to show these charming frocks to you, whether you are ready to buy or not.

GARDEN NOTES

Mrs. F. Austin Phillips.

If you want your lawn to look its best throughout the coming season, it will be necessary to spend a little time on it. After you have carefully raked and cleaned the lawn, use a roller to smooth it out and firm the soil. Re-fertilize. I use about four pounds of plant food per hundred square feet. Two days after feeding the lawn, take a rake and loosen the soil on the bare spots. Re-seed these spots

with good grass seed, roll and water with a fine spray.

Now is the time to make note of Iris blooms. Iris should be selected from your nursery while in full bloom for August or September delivery. By so doing, you will get exactly what you want.

Ford and Kelsey Abalone League Stars

By DOC STANIFORD

The games this Sunday?—Well—almost like a nightmare. The Shamrocks in the first game played like a real team. "Mr." By Ford may not be the best pitcher in the league, but he can use his head and pitched one of the best games ever seen here. It's an old story. One team doesn't hit and makes errors. The other team hits and makes runs. What is the result? Well—the score: Shamrocks 11, Pilots 3. There is nothing more. A very one-sided game and the Shamrocks deserve all the credit for playing a heads-up smart baseball game. So that's that.

The Blues-Giants game was an example of the old story. One team was playing baseball and the other team was playing. But it was just too bad. I spoke about good pitching. Well! Ivan Kelsey pitched one of the best games ever pitched in the league. He only allowed six

had any brought before him lately. George Petty, not yet 18, insisted that he should drive his car, although he has no license and his parents don't want him to have one. He refused to promise Judge

Wood he wouldn't drive, so he was sent to appear before the juvenile court in Salinas. He is on probation and is not driving at present.

At Denny-Watrous Gallery

The Kingsland Marionettes of New York City, who have delighted their audiences in clubs and colleges across the continent, will appear in the Denny-Watrous Gallery in two performances on Saturday of this week, March 16, a children's matinee at 2:00 o'clock, and an evening performance for adults at 8:30.

The matinee program will be selected and priced for schools. It will include Mose, the tap-dancer, three clowns, Beppo's Circus, with a monkey, a bear, and eight circus acts, and a play, "Rapunzel." The

hits—that's all. And after the first canto, only one run was scored. After that, nothing but holes in the Swiss cheese. I want to hand it to Ivan, being a sort of a stout person. He deserves more credit than some people would allow. But, Ivan can still play baseball!

Special mention should be given Dick Catlett of the Blues. He played a swell game at third base and infielding. He knocked one of the longest home runs into left field in Abalone League history.

Stewie Marble played a great game at shortstop and at the bat. I could say something else about Stewie, but not in print. He will have to report to me.

The umpires are the best on the Peninsula and I defy Winsor Josslyn or any one else to differ.

Standing of teams to date:

	W.	L.	Pct.
Shamrocks	3	0	1.000
Pilots	2	1	.666
Blues	1	2	.333

evening program will include Chinese shadow puppets, a short version of Shakespeare's Tempest, a Dance Macabre (a continental offering new in puppetry), and Beppo's Jolities, a variety act.

Seumas MacManus, the Irish poet, humorist, and shanachy, is a brilliant representative of a poetic race. It is said that audiences are held spellbound by this prince of story-tellers.

The Denny-Watrous Gallery is presenting Mr. MacManus on this Thursday evening, March 15, in his inimitable talk on "Irish Fairy and Folk Lore." Mr. MacManus has talked before the leading universities and colleges throughout America. The charm and delight he gives are indicated by the following comment: Brooklyn Institute of Arts: "On the occasion of each of his preceding lectures hundreds had to be turned away for lack of accommodation—but last night the numbers turned away at least equalled what found seating accommodation." Brooklyn Eagle.

Harvard University: "... his wonderful telling of the fairy and folk tales held the hearers spellbound.

McGRATH SUPPORTS

TOWNSEND PLAN

The editor recently received the following letter in regard to the plan of the Honorable John J. McGrath on the Townsend Old Age Pension Plan.

"Carmel Sun,
"Carmel, California.
"To the Editor: I trust you will do me the favor of publishing in your esteemed newspaper this statement for the information of your readers and the people of your community.

"It is a statement which I desire to make in reference to the Representative in Congress from your District, the Honorable John J. McGrath, and his attitude toward the Townsend Old Age Pension Plan.

"I am the sponsor of the Bill (H. R. 3977) now in the hands of the House of Representatives which, if enacted into law, will make the Townsend Old Age Pension Plan a reality.

"Please let me state to your people and all the people of the Eighth Congressional District of California that Honorable John J. McGrath, your representative, is numbered among the staunchest and truest friends and advocates of the Townsend Old Age Pension Plan. He is in our councils giving us unstintingly the benefit of his knowledge and experience in Congress toward the end that we may succeed in this great battle in which we are engaged.

"Any reports or rumors to the contrary of this statement which I am now making as the sponsor of the Townsend Old Age Pension Plan in Congress, and as the leader of its forces in Congress, are untrue. And I trust that no one in

the Eighth District, either in Santa Cruz or elsewhere, will be so unjust as to accuse Representative McGrath of disloyalty to this great cause.

"I am making this statement in behalf of Mr. McGrath and other representatives in Congress who are friends and who are being misrepresented. No true supporter of the Townsend Plan should be guilty of such unjust actions. If Representative McGrath were at this hour a candidate for re-election, I would consider it my duty to go into his district and support him with all the power at my command.

"Faithfully yours,
J. S. McGROARTY,
11th District,
California."

Mrs. Phillips writes regularly for the Sun and will gladly answer through our columns any questions addressed to her at the office of the Carmel Sun.

COLOR IN YOUR GARDEN

A garden is sometimes likened to a painting. It is either a daub of paint or a finished work. It may be merely commonplace or a constant source of joy.

The garden, to me, is really an important part of the house. An outdoor room, as it were, to be admired for your taste, color and pleasing composition. Should it not, then, be given the same careful thought which you give your other rooms? Would you leave your halls or the library in the same utter disarray and confusion in which we sometimes find the garden? Nor, would you hang magenta curtains in a pink room.

The same colors which seem such a part of you in your home, may be used to advantage in the garden to enhance your personality. Make this a setting for your particular type. Some people select the colors for their garden just as carefully as they select colors in wearing apparel. One may select types of flowers, too. The Dresden type for instance, in a garden of pale pastels of graceful lines.

If you are using the popular "off white" furniture, you will want a small bed, at least, to grow white and cream flowers, for your decorative scheme. If you use this white furniture on your porch or in the place, plant the white garden nearby. In this way, one seldom notices where the garden leaves off and the house begins. There are literally hundreds of plants, seeds and bulbs for this purpose.

The blue garden of a few years ago still has its uses today. The all blue garden is most refreshing and restful, after viewing riots of color.

Coherence may be secured by planting to give color from one end to another. A bed of deepest orange, through the yellows to the palest cream primrose with blue and white. Pink, rose, crimson to the deepest red with creams leading to light lilac and deep purples are combinations always to be depended upon. Strong contrasts are sometimes quite striking and relieve the feeling of monotony, such as deep plum with coreopsis.

When in the least doubt about color combinations, use an abundance of white, pale yellow or preferably cream.

You cannot imagine anything more lovely, when entering a garden, than a carefully arranged path with deep green shrubbery lined with cinerarias edged by irregular rows of fairy primroses. (Cinerarias are purchasable in every color imaginable.)

A bed facing the dining room of pinks, corn flowers, Sweet William, wall flowers, baby blue eyes, larkspur and gypsophila, makes an interesting picture. A few fragrant shrubs near your living room window, is especially recommended. These fragrant shrubs are most decorative in day time and invaluable at night for the perfume they impart.

able at night for the perfume they impart.

Make a live screen of shrubs to hide things you do not want seen. There are many rapid growers on the market for this purpose, both in shrubs and trees. If you need geraniums here and there. The color for this spot, place a pot of common orange geranium is most effective.

Large bare areas may be broken up with an inviting pool or rock garden with a bench conveniently located. Speaking of benches, why do we use them so sparingly? Where could one find a lovelier spot for meditation?
